Sir:

In response to the Office Action dated May 28, 2002, please amend the aboveidentified Application as follows and consider the accompanying remarks:

IN THE SPECIFICATION:

Please replace the paragraph beginning at page 1, line 19, with the following rewritten paragraph.

-- Radio frequency (RF) tags are well-known in the art. RF tags are small electronic devices that receive and recognize radar signals of a particular type and generate and transmit a reply in response thereto. When received by the transmitting radar, the reply is decoded to ascertain the identity and location of the RF tag. --
